

ARTISAN® SEWING MACHINES

WALKING FOOT LEATHER STITCHING MACHINE with EDGE TRIMMING MECHANISM and a DC Electronic Servo Motor Drive

1797-1C

LIFETIME LIMITED WARRANTY

The New ARTISAN® 1797-1C is designed to stitch and trim the edge of leather simultaneously. The machine includes a true walking foot mechanism to sew equal distant stitch lengths and a device designed to cut your leather close to the stitch line. The cutter can be engaged for trimming or disengaged for normal stitching light to medium-heavy leathers.

Typical usage of the 1797-1C includes stitching around curves for linings, bags, purses, wallets, and any other product where the operator desires a perfect stitch line close to the edge of the leather.

The ARTISAN® 1797-1C stitcher is a sub-class of the 1797ABLTHR series of leather stitchers. This machine is among the smoothest and quietest automatic lubrication walking foot, drop feed machine manufactured.

YOU ARE ASSURED OF PERFECT STITCH FORMATION EVERY TIME WITH THE ARTISAN® 1797 SERIES.

We recommend using "Premium Performance" ARTISAN® bonded threads from sizes #33 to #138.

An ARTISAN® Electronic Servo Motor System including our ball bearing SR-2 speed controller is standard and helps control your stitching torque and sewing speeds. Stitching from stitch to stitch or variable up to about 300 stitches per minute, anyone can sew on the ARTISAN® 1797-1C. If desired, the 1797-1C is adjustable to run at production speeds up to 2000 spm. This is the easiest most controllable leather stitching machine you'll ever sew

- › Automatic Lubrication with a Pressure Oil Pump.

with a DC Electronic Servo Motor**

1797 AB LTHR

SR-2 Speed Reducer/Controller

LIFETIME LIMITED WARRANTY

The walking foot mechanism of the ARTISAN® 1797 AB LTHR Leather Stitcher machine produces the highest quality equal distant stitch length on all types of light to medium-heavy leathers. Typical usage of the 1797 AB LTHR includes stitching lighter weight tack, chaps, chinks, belts, boots, book covers, wallets, checkbook covers, holsters, knife scabbards, day planners and other leather items up 3/8" in thickness.

The ARTISAN® 1797 AB leather stitcher is the smoothest and quietest automatic lubrication walking foot, drop feed machine manufactured. You are assured of perfect stitch formation every time with the ARTISAN® 1797. We recommend using "Premium Performance" bonded threads sizes from #33 to #138. The New Optional sub-class H model will even sew up to size 277 threads. The standard model sews up to size #138 bonded nylon or polyester thread and is utilized for most sewn leather products.

An ARTISAN® Electronic Servo Motor System including our two speed ball bearing SR-2 speed reducer and is included and helps control your stitching torque and sewing speeds. Stitching from stitch to stitch is possible and variable sewing speeds are controllable up to about 300 stitches per minute. This is the easiest most controllable leather stitching machine you'll ever sew on. We Guaranty it!
