

ARTISAN® SEWING MACHINES

WALKING FOOT LEATHER
STITCHING MACHINE
with a DC Electronic Servo Motor

1797 AB LTHR

SR-2 Speed Reducer/Controller

LIFETIME LIMITED WARRANTY

The walking foot mechanism of the New ARTISAN® 1797 AB LTHR Leather Stitcher machine produces the highest quality equal distant stitch length on all types of light to medium-heavy leathers. Typical usage of the 1797 AB LTHR includes stitching lighter weight tack, chaps, chinks, belts, boots, book covers, wallets, checkbook covers, holsters, knife scabbards, day planners and other leather items up 3/8" in thickness.

The ARTISAN® 1797 AB leather stitcher is the smoothest and quietest automatic lubrication walking foot, drop feed machine manufactured. You are assured of perfect stitch formation every time with the ARTISAN® 1797. We recommend using "Premium Performance" bonded threads sizes from #33 to #138. The New Optional sub-class H model will even sew up to size 346 threads. The standard model sews up to size #138 bonded nylon or polyester thread and is utilized for most sewn leather products.

An ARTISAN® 2 speed ball bearing SR-2 speed reducer is included to help control your stitching torque and sewing speeds. Stitching from one stitch at a time and totally controllable up to about 195 stitches per minute. This is the easiest most controllable leather stitching machine you'll ever sew on. We Guaranty it!

Contact ARTISAN® for additional details.
