

ARTISAN® SEWING MACHINES

**Big Bobbin, Small Cylinder Bed
Compound Needle Feed Walking Foot
Sewing Machine with Reverse Feed**

**335 B
DU-AW "U"**

LIFETIME LIMITED WARRANTY

The Compound Needle Feed Walking Foot mechanism of the New ARTISAN® 335 B Leather Stitcher produces the highest quality equal distant stitch length on all types of very light to medium weight leathers.

Typical usage of the new 335 B include stitching leather bags, purses, mobile phone cases, chaps, and chinks, belts, shoes and boots, book covers, wallets, checkbook covers, holsters, day planners watch bands and many additional leather items up to a maximum thickness of 3/8".

The ARTISAN® model 335 B cylinder bed leather stitcher is one of the smoothest and quietest walking foot, machines manufactured. You are assured of a beautiful perfect stitch formation each and every time with the Big Bobbin lockstitch ARTISAN® 335 B cylinder bed walking foot machine with semi-automatic lubrication and a reverse feed mechanism.

We recommend using ARTISAN® "Premium Performance" bonded threads sizes from *33 up to *138 and Schmetz brand highest quality industrial sewing needles from #12 up to #22. (135 x 16 NM 80 to 140)

The complete sewing machine includes a new ARTISAN® model ACF-624, 800 watt, 1 hp electronic servo motor drive system with locking caster wheels. The electronic servo motor will help you your control sewing speeds and allow operators to stitch very slowly from one stitch at a time, totally controllable up to about 2000 stitches per minute. You may set the "ceiling" speed to your level of comfort. This is the easiest most controllable leather stitching machine you'll ever sew on. We Guaranty it!
