# "Experience Matters"

The Artisan Ped-500 Machine Pedestal Stand is designed for either a Standing Up or Sitting Down working position. The height is adjustable from the top of the table top to the floor, in the lowest sitting position, of 33½ inches up to a full standing position of 43½ inches. The Artisan Ped-500 base plate is manufactured from Heavy Gauge Steel Plate measuring 10.4 mm thick and the upper post walls are 3.6 mm thick. The lower post wall thickness is 4.4mm and for additional stability, the top and bottom post mounting plates are gusseted on all four sides and measure 4.6 mm thick. All of the steel pedestal surfaces are power paint coated.

Each Complete Artisan Ped-500 Pedestal Stand includes our plywood table top, our two speed ball bearing SR-2 speed controller, an Artisan ACF-500 series Electronic Servo Motor and Accessories. The steel pedestal alone weighs 92 Lbs. and a complete Ped-500's total shipping weight is 155 Lbs. The TORO-3000 sewing machine weighs 120 Lbs. Normally, each complete TORO-3000 machine is shipped K/D in 3 cartons directly to your door via UPS service.
